

		Task					Day				
		Weed	Mow	Sweep	Trim	Item E	Fri	Wed	Tue	Thu	Mon
Neighbor	Faye										
	Asha										
	Iris										
	Ethan										
	Ben										
Day	Fri										
	Wed										
	Tue										
	Thu										
	Mon										

Clue 1	Clue 2
Faye did not order a Mow.	The Fri is paired with the Weed.

Clue 3	Clue 4
Asha has either a Sweep or the Tue.	The Mon was not chosen with the Sweep.

Clue 5	Clue 6
Ethan has either a Water or the Mon.	

Solution

Faye → Weed, Fri
Asha → Sweep, Tue
Iris → Mow, Thu
Ethan → Water, Mon

Solution Why

Fri↔Weed (Clue2). Mon≠Sweep (Clue4) ⇒ {C↔X, D↔Z}; the remaining pairs are Trim↔Wed and Mow↔Thu. Clue3 fixes Asha=Sweep/Tue; Clue5 fixes Ethan=Water/Mon; Clue1 forces Faye=Weed/Fri; leftovers set Iris and Ben.
