Clue 1	Clue 2
Ben did not order a Trim.	The Wed is paired with the Mow.

Clue 3	Clue 4
Chi has either a Weed or the Tue.	The Fri was not chosen with the Weed.

Clue 5	Clue 6
Glen has either a Sweep or the Fri.	

Solution

Ben → Mow, Wed

Chi → Weed, Tue

Faye → Trim, Thu

Glen → Sweep, Fri

Solution Why

Wed↔Mow (Clue2). Fri≠Weed (Clue4) ⇒ {C↔X, D↔Z}; the remaining pairs are Water↔Mon and Trim↔Thu. Clue3 fixes Chi=Weed/Tue; Clue5 fixes Glen=Sweep/Fri; Clue1 forces Ben=Mow/Wed; leftovers set Faye and Dina.
